The Carmel Pine Cone

TEeing OFF with Bill O'Malley

"THE ADMIRAL'S NINETY-TWO, YOU KNOW!"

New Feature

Beginning with today's issue of the Pine Cone, a cartoon by an internationally known Carmel cartoonist, Bill O'Malley, will be a weekly feature. Named "Teeing Off," it will center on golf.

Bill O'Malley and his wife, Ada, have lived in Carmel for 19 years. Asked how long he has been a cartoonist, Bill replied, "Seems like 100 years." However, his cheery disposition and his constant appreciation of the humorous situations in life prove that he must only feel this way when faced with deadlines. And deadlines Bill has met, many of them. He had a contract with Hearst

newspaper services when he was editorial and sports cartoonist for the San Francisco Call Bulletin. Since becoming a free-lancer, he has published seven books of cartoons which include a series featuring "the little nuns." Others include "Bon, Bon Voyage" and "Feeling No Pain" in which local residents and Carmel itself have been featured. Two of his books have been translated for circulation in West Germany.

Bill and Ada enjoy exploring the world, often by freighter, but they always return from their frequent trips maintaining there is no place quite like Carmel. "Teeing Off" will be run in conjunction with Raymond "Sonny" Braun's column, "Peninsula Golf News."

Sefton Heads Committee To Alleviate Parking Lack

Putting every existing parking facility in Carmel to its most efficient use was the prime objective expressed by Councilman William Sefton in asking persons to work on a special city council parking committee under his chairmanship. They are Robert P. Spencer, August Nieto, Anthony Vasconcellos, Mrs. William Arley (Geraldine) Smith, James C. Doud and William H. Godwin Jr.

Second objective of this group will be to plan to convert all potential areas available for parking space. Thirdly, undertake long range planning for future parking. First meeting of the parking committee will be held early in January, following appointment of the committee by Mayor Stephen Grant.

In a report to the Mayor, Sefton states that a "very thorough study of our parking demands and potential" has been made.

WEATHER

A warmer trend with some cloudiness. Temperature lows at night in the 30s, day highs into the 60s. 20% rain probability after Sunday. The turn has been made to summer and each day is becoming longer.

(Continued on Page Twenty)

A third meeting with the business association and the Carmel police department established procedure and the association "has made the most complete survey ever approached on a citizen level - 248 questionnaires were answered.

SPECIAL MEETING

The city council is expected to come to a definite decision, during a special personnel session this afternoon, on the employment of John J. Riling Jr. as the city's planning director to replace Floyd Adams who has retired.

Hudson Reviews County Problems

At the Carmel Rotary Club's luncheon meeting yesterday, Monterey County Supervisor Tom Hudson of Point Lobos reviewed a few of the 1966 county problems listed as follows.

1. The Humble Oil and Refining Company plant at Moss Landing has now been shelved but it has brought the county an air pollution program. It has also shown the necessity of an area master plan for Moss Landing which could be accomplished by the property owners.
2. The Joan Baez controversy has exposed the necessity for a review of old zoning restrictions in Carmel Valley.
3. Welfare program investigation by the state showed that better administration will be accomplished on a local basis.

4. San Antonio Dam's completion has already saved the Salinas River area from a flood catastrophe. Supervisor Hudson pointed to the fact that the Salinas River ran 60,000 cubic feet of water per second during the 1938 flood and 58,000 this year. If that dam had not been in operation the water would have reached a rate of 90,000 cubic feet per second. He said a major storm front was reported headed for this area but veered toward Bakersfield. If it had not veered, there would have been a disaster in Carmel Valley. To avert just such a disaster in the future, Supervisor Hudson has been recommending another Carmel Valley Dam which would cost about \$9,000,000.

5. Juvenile delinquency continued unabated. It seems that most people just aren't interested. Progress in cutting down on juvenile delinquency must be initiated by the schools in cooperation with the police.

6. Planning successes included passage of the Monterey Peninsula Area Plan and consideration of private plans submitted by the Odellio, Fish and Hudson ranches and Del Monte Properties Company. The Carmel Valley Road was widened, although not to the extent recommended by the highway department's traffic survey. But, according to that, a six-lane highway is required on Scenic Road in Carmel.

Efforts are being made to change the Hatton Canyon Road to a 40 mile an hour road at the bottom of the canyon instead of the freeway now specified. Failure resulted in allowing the Holiday Inn to construct a four story motel on Highway One near the Carmel River. This failure was due mostly to not listening to Gunnar Norberg years ago when he asked for rezoning of that area.

7. Parks improvement plans include consideration of the Toro acreage off Salinas Highway, attempts to acquire Jack's Peak from the Jack's Peak Trust and a 278-acre donation in Carmel Valley at the Del Mesa development.

Oppose Transient Lodging Controls

Opposition to a proposed new ordinance to eliminate illegal motel-type operations in the residence zone was strongly expressed yesterday afternoon at a hearing in city hall conducted by Councilmen Herbert Blanks and Eben Whittlesey, members of an ad hoc council committee to work on this problem. No person appeared to support the legislation.

Clarification of the proposed 20-year amortization period for transient lodging premises in the residence zone appeared to give some relief to opponents after Blanks explained that the clause in the new law, stating that lodgings may only be rented for a 28-day period or longer, would not be effective until the expiration of the amortization.

In reply to a query from Dale Junta, an attorney who did not state whom he represented, Blanks said that "it might be within the realms of possibility" for a change of thought by him and Whittlesey on the clause in the proposed ordinance which states that an existing transient lodging use terminates upon change of ownership of the premises.

Charles Catalan of Lamplighters Inn, a nonconforming motel in the residence zone, also questioned Blanks and Whittlesey about the change of ownership regulation, especially in regard to the sale of present lodging premises.

Blanks asked him if he would be satisfied if the amortization period were continued under new ownership.

"That would satisfy me," Catalan replied. Previously he had pointed out that the change of ownership restriction would eliminate buyers of property such as his.

Blanks also stated that extension of residence zone transient lodging use following change of ownership to the end of the 20-year amortization period was "a thought to consider" after Mrs. Fred Sandness who, with her husband, operates Snug Harbor at Twelfth and Camino Real, stated that they would like the amortization period to continue until 1987 should they find it necessary to sell their property.

"We have had a permit for 16½ years to rent two bedrooms, each with its own bathroom. We have kept this small business in good shape and it represents a considerable investment," Mrs. Sandness said. She added that "this small business was purchased to augment our small income and, if we need to sell within a few years, we would like the amortization to continue to 1987 for a future owner so that we could realize a return on our considerable investment."

Similar expression on the amortization was expressed by Mrs. Luella Klenck, owner and operator of The Argonaut at Monte Verde and Ninth, also her son. They, as did Mrs. Sandness, also pointed out that transient lodging

Also, the California American Water Company has been contacted to lease some of their upper Carmel Valley acreage as park area. This is just being used as a water shed. Thirty acres of Mt. Devon in the Carmel Highlands have been donated to the Monterey County Foundation for Conservation by N. J. D'Ambrogio.

8. A sewer system has been initiated in Pebble Beach by the home owners of that area and Del Monte Properties.

houses in the residence zone represent a particular charm of Carmel and are occupied by appreciative visitors from all over the world.

Another who spoke to this point was Colonel Austin DeCamp. He withdrew his emphatic opposition to the proposed law when he found he could continue to rent to transients for less than 28 days during the 20-year amortization period. Before this, he called the abolition of overnight rentals a control originating from "a Gestapo city hall." His concluding suggestion to Blanks and Whittlesey was that "an equitable and reasonable method" of averting abuse of non-conforming lodging house uses would be "to work toward a density concept—so many lodges per block or area."

Mrs. John J. Dumas, who operates the former Murphy home at Monte Verde and Ninth as a transient lodging house, stated she had canvassed her neighborhood and found no one who objected to the present use of her premises.

Williard Neumann, operator of Forest Lodge, situated in the residence zone, questioned what would happen to physical structures such as his at the end of 20 year amortization—would they become residences or be torn down? He ascertained that, even with the new law, it would be legally possible to build a house and rent rooms.

George Schroeder, an attorney who stated he was speaking in place of George Walker, a partner in the legal firm with which Schroeder is associated, asked Blanks and Whittlesey if thought had been given to a "freeze" of existing nonconforming transient lodging premises in the residence zone. Such a continuing legal extension of existing uses would be especially pertinent in regard to those who had operated nonconforming lodgings over a long period of years, he maintained. He also questioned if the city has the legal right to enforce the proposed transient lodging regulations after "acquiescing over a period of years" to these nonconforming uses. He particularly queried City Attorney William Burleigh and Whittlesey on this point.

"The city has the right to enforce its laws," Burleigh answered and offered to give case and citation to prove this point.

Unequivocal opposition to the proposed law was expressed by

(Continued on Page Twenty)

Fatal Collision

Miss Virginia Newell Drown, 82, of Carmel Valley died yesterday after the auto she was driving collided with a tractor-semi truck at the intersection of Carmel Valley Road and Carmel Rancho Boulevard at 11:18 a.m.

The victim was pronounced dead on arrival at Community Hospital, where she was taken by the Red Cross Ambulance operated by the Carmel Volunteer Fire Department.

Letter To Editor

Editor,
Carmel Pine Cone

By way of introduction, I am a former resident of Carmel, Irene Goold (Erickson) Blackwelder. My grandmother Mrs. Mary A. Goold is still a resident.

Although 3,000 miles away I'll have an interest in Carmel always and did so want you to know the pleasure your paper gave me.

Most sincerely,
Mrs. Harold (Irene) Blackwelder, Rockwell, N. C.

Editor,
Carmel Pine Cone

We are very much shocked to read the recent talk about stopping people from the guest houses. We are artists and the charm and loveliness of Carmel lies in those homey guest houses. We would stay nowhere else. Is it that those sprawling, commercial establishments we see everywhere in Carmel are paying the city council to stop its great charm and individuality? We hope the guest houses remain forever.

Sincerely,
Paul Savage

BUCKMINSTER FULLER TO LEAD BIG SUR SEMINAR

R. Buckminster Fuller will lead a weekend seminar at Esalen Institute at Big Sur Hot Springs on January 20-22. He will discuss the emerging world of technology and man's opportunities in it.

Dr. Fuller is the inventor of the geodesic dome, the dynamax house and other structures. Over 100 major corporations are manufacturing and erecting his structure inventions. He is the author of "No More Second Hand God," "Ideas and Integrities," "The Unfinished Epic of Industrialization," and other books.

Further information may be obtained by telephoning Big Sur 2634 or writing Esalen Institute, Big Sur.

DR. HAN SUYIN

Dr. Han Suyin, a distinguished doctor of medicine as well as a noted writer, will speak at Monterey Peninsula College on January 6.

She will discuss "The Population Explosion: Blessing or Curse?" at 8 p.m. in the Armory on campus.

Free tickets to the lecture may be obtained at the college administration building switchboard or by mailing stamped, self-addressed envelope to the MPC Community Services Office.

Editor,
Carmel Pine Cone

I am enclosing a check for \$4.50 for one year's subscription.

I have just retired after 50 years as a registered representative of the New York Stock Exchange and was associated with Hornblower and Weeks, Hemphill Noyes in Chicago.

After about a year's traveling in Europe and around the world, we think that Carmel is the finest place to live. We spent a couple of vacations here at the Pine Inn so we knew something about the area.

I found the Pine Cone very helpful in finding a place to rent when we landed here and I know that when, and if, we buy a home your want ad section will be invaluable.

I read the Pine Cone from cover to cover and it is a fine medium for keeping up to date on what is going on in Carmel and the Valley.

Yours very truly,
Harold Osborne

P.S. We lived in Wilmette, 16 miles north of Chicago for 33 years. —H.O.

LINES FROM

THE STUDIO

Referring to our merchant's lunch at 95c, people often ask, "How can you do it?" We've discovered we can't. Rather than lower our traditional quality in the face of rising costs, we feel forced to charge \$1.10 after January 1. Still a bargain for our combination of daily specialty (Beef Stroganoff, Beef Burgundy, Swiss Steak, Old-Fashioned Beef Stew, Baked Meat Loaf, etcetera) with tossed green salad, baked potato, bread and butter, and coffee or tea. The hot open-faced sandwiches (roast beef, corned beef or baked ham) go up 10c. All other prices stay the same, including our Sunday roast beef or roast turkey lunch at \$1.25. We're closed New Year's Day and Monday, so the new prices take effect Tuesday with sincere regret on our part.

MRS. SANTA CLAUS

Mrs. John Robotti of Carmel, secretary of the Monterey Branch Council of the Children's Home Society, donned a Santa Claus cap when she gave gifts to children cared for by the adoption agency. Holding the tiny tot is Mrs. Ward Anthony, chairman of the CHS district board. Mrs. Robotti reports a record year for the society's activities. During the current year, 170 adoptive families have had children placed with them in the local district. She assumed the role of Mrs. Santa Claus at the society's December district meeting in San Jose. The Peninsula office of the Children's Home Society is at 444 Pearl Street in Monterey.

Services of the non-profit adoption agency are supported by membership gifts, fund-raising events of auxiliaries and service fees.

DR. HEISLER TO TEACH COURSES ON ADOLESCENTS

Dr. Friedy Heisler, Carmel psychiatrist, will teach two courses on adolescents at Monterey Peninsula College this winter—one primarily for teachers and upper division students; the other for parents only.

"Emotional Conflicts of Adolescence," to be offered by University of California Extension, Santa Cruz, will start January 3.

"Problems of Adolescents," a community service non-credit course, will be offered by MPC for parents only. Meeting Monday evenings, 7 to 9:50, the class will start January 9.

Dr. Heisler, who has practiced psychiatry in Carmel since 1948, earned her M.D. degree at the University of Illinois Medical School. Before coming to the United States from Europe, she attended the University of Zurich in Switzerland, sitting in on seminars led by Freud, Jung and Adler. In Chicago, it was Jane Addams of Hull House who persuaded her to study medicine and psychiatry.

The Mission Mortuary was in charge of arrangements.

GENERAL WAHL HONORED

U. S. Army Photo

Brigadier General B. Douglas Wahl (USA Ret.) of Carmel, left, is awarded a scroll from the U. S. Military Academy Admissions Office, appointing him honorary admissions officer. The scroll was presented by Colonel Emory S. Adams Jr., (USA Ret.) center, now a Carmel realtor. He was accompanied to General Wahl's home by Sergeant First Class Russell L. Ray, right, senior career counselor of the Monterey Recruiting Station.

A 1917 graduate of West Point, General Wahl has been using his knowledge of the military service and his enthusiasm for the U. S. Military Academy to incite the interest of qualified young men of this area to seek appointment to the academy.

He was appointed honorary admissions officer for the academy

tween their department and the military officers who direct the study programs of individual officers.

A professor of electronics, Dr. Sheingold has been a faculty member since 1946. He and his wife, Sylvia, have two children, Larry, enrolled at Occidental College, and Janet, a freshman at Pitzer College.

NAMED ASSOCIATE

Professor Abraham Sheingold of Carmel is one of two Naval Post-graduate School instructors to be appointed an academic associate by Dr. Robert F. Rinehart, academic dean of the school. The academic associates fill a unique position in the institution's structure, serving in a liaison capacity be-

More Scholarship Aid An MPC Need

Some \$13,000 in scholarships will be available to Monterey Peninsula College students in February and June of 1967, but more funds are needed, Mrs. Marjorie Marshall, MPC director of student services, says.

"We always have many more students needing financial assistance than we have donors and money," she stresses.

Donors listed as offering scholarships payable in February, at the beginning of the spring semester, are American Legion Auxiliary (Monterey Peninsula Unit 41), American Public Works Association, Associated Students of Monterey Peninsula College, Bank of America, Cypress Nite Stand, June Lockhart Lindsay, Monterey County Dental Assistants Society and Monterey Peninsula College Recreation Association.

June scholarship awards will be made by Alarm Corporation, American Public Works Association, Anne Olson Scholarship, Associated Students of Monterey Peninsula College, William Bishop Scholarship, Business and Professional Women's Club, California School Employees Association Monterey J. C. Crumpton Chapter 93, Ceramics Scholarship, Cypress Nite Stand, International Relations Club of MPC, Kiwanis Club of Seaside, June Lockhart Lindsay, Herbert

in consideration of his completion of the counselor orientation course there.

General Wahl retired from active service following World War II. He returned to the home in Carmel Woods where he and his wife now live, and which they established in 1941, and began his second career of interviewing promising high school seniors of the area who expressed an interest in a military career.

Retired? Now you can get the best buy we've offered in 31 years.

Starting immediately, how would you like a guaranteed yearly income for life of 9% of the price you pay for an annuity?

That's just about what an Equitable Immediate Life Annuity can give a man in his middle sixties, (not quite as much for a woman because women live longer).

This 9%* is derived from both principal and interest. But you don't have to worry about outliving your principal. Equitable guarantees your annuity income for as long as you live. Even if you live to 100 or more, your annuity checks will keep coming in.

No other type of investment can provide such a guarantee. What's more, nothing can ever reduce the income that's written into your Equitable annuity contract—which, today, gives you the most advantageous buy we've been able to offer at retirement in 31 years.

At your age, what's the lifetime income you can get? (The older you are, the higher the yearly income—about 13%* for a man of 75.) Send in the coupon below and we'll give you all the answers.

Many Faceted Celebration

Two birthdays, two wedding anniversaries and the approaching New Year were celebrated last night with a lovely party given by the John Farris at their home. Toasting Dina Farr on her 21st birthday, Judge and Mrs. Eugene Harrah on their wedding anniversary tomorrow, and Bill and Gloria Cranston on their 11th last night were Mr. and Mrs. Howard Timbers, Mrs. Connell Carruth, Mrs. Henry Venn, Miss Caroline Thompson, Ray Baker, Cathy Farr and Jean and Shirley Harrah. Robert Street, an MPC student whose birthday it was also, received felicitations in absentia—he was snowbound in Kansas.

From Snow To Sunny Sands

Dr. Eric Berne, who last week was in the bracing climate of Salzburg, Austria, joined his Carmel beach cronies to sun at Reamer's cove on Monday. Tuesday, he was off again, accompanied by his younger sons, Ricky and Terry, this time bound for Honolulu, where he will deliver some lectures at Queen's Hospital and enjoy a holiday with his boys.

Dr. Berne's European trip took him to Salzburg to visit another son, Peter, a pianist and conductor who is studying at the Mozarteum. While in the Austrian city, the author of "Games People Play" was privileged to hear concerts in which his son both played and conducted.

Touseys Remembered A Date

On Tuesday evening, some 70 guests were invited to a bountiful feast at the home of Mr. and Mrs.

Thomas Tousey, where they discovered it was the 25th anniversary of the couple's marriage—discovered, also, that Tom and Barbara Tousey had been childhood sweethearts who parted, then met again as adults, were wed and have spent many happy years together.

A fine and affectionate touch to the festivity was Tony Kastros' push-button "bar," dispensing frothy mixes like a juke-box gone mad. It remains in the Touseys' kitchen, and since it was rolled down the driveway, Barbara wonders how it's going to get back before it falls through the floor.

Pat Womble Club President

Mrs. Jimi (Pat) Womble of Carmel is the new president of Spinnakers, the year-old club composed of the wives of Monterey Peninsula Yacht Club members. Elected to serve with her were Mrs. Lloyd William (Mary) Clapper, of Carmel, vice president; Mrs. Lachlan (Mel) Van Bibber of Carmel Valley, secretary; Mrs. John D. (Connie) Riggan of Pebble Beach, treasurer; and Mrs. Dennis (Dottie) Gorman of Pacific Grove, publicity.

The club's founder and president for the past year, Mrs. Peter (Inge) Stuber, handed over the gavel to Pat during a Christmas dinner at the yacht club's handsome new quarters in the Monterey marina. The Spinnakers were hostesses for the festive event, which was attended by members' husbands and other guests.

Todd Broke The Pinata

A huge pinata in the shape of a bird with long, plumed tail received many a timid blow until enterprising Todd Kendall grabbed a baseball bat for the coup de grace which released the tempting goodies inside to spill and scatter on the floor. Todd, his mother, Mrs. Barbara Kendall, and his brothers, Eric and Wayne, decorated their home and invited friends young and "old" to their annual pinata party the day after Christmas. Small fry and teenagers scrambled for the treasure while their parents chatted over adult fare.

Among the Kendalls' guests were Bob and Nancy Broberg, who brought the enormous pinata from Mexico last summer, the George Fauls, the Saul Alinksy, the Gerald Barrons, the Bob Brays, the Frank Lloyds; also the Gordon Browns of San Leandro and the Malcolm MacQuiddys of Watsonville, Mrs. Helen Small, Dr. Eric Berne, Peter Sherry, Scott Lawson, Mrs. Georgia Brauer, the Robert Troftons, Barney Laiolo, Mrs. Barbara Tuttle and her brother, Bud Selfridge.

Pierre Salinger Visited

Former U. S. Senator Pierre Salinger and Mrs. Salinger were here Monday for a flying visit with his mother, Mrs. Jerome Carlson, and Mr. Carlson. Mr. Salinger's book, "With Kennedy," has now been on the best-seller, non-fiction list, compiled by the New York Times, for 12 weeks and was sixth on the poll as of last week.

MRS. PAUL PRINCE

Du Charme Portraiture Photo

The lovely bride, above, is the former Sheila Kerlin of San Francisco, whose marriage to Paul Taylor Prince of Carmel took place November 26 at St. Vincent de Paul Church in San Francisco. The Reverend Robert Gorman officiated at the noon ceremony, assisted by the Reverend David Hill of All Saints' Episcopal Church in Carmel.

The new Mrs. Prince, daughter of Mrs. Page Wright Smith and Thomas Henry Kerlin of Tulsa, Oklahoma, was given in marriage by her brother, James Keely Kerlin. Her sister-in-law was her matron of honor and the bridesmaids were her cousin, Shelley Smith of Tulsa, and Christina McCormick of San Francisco.

John Trumble of Novato served as best man, and ushers were David Kelly of Sacramento and Paul Lindfors of San Francisco.

Following the ceremony, a reception and luncheon were held at the St. Francis Yacht Club in San Francisco.

The bridegroom is the son of Mrs. Dorothy Prince of Carmel and David Prince of San Jose. He is a graduate of Carmel High School and Stanford University. Paul is in television work in Salt Lake City, Utah, where he and his bride are now at home.

On With The Bonnet

"On With My Bonnet, On With My Shoes," reads the fetching card announcing the birth of Christine Jeanne Elsen, second daughter of Sergeant and Mrs. Michael Elsen and new granddaughter of Al and Jeanne Elsen of Carmel. Christine was born December 5 in Wichita, Kansas, where her father is stationed at McConnell AFB. Mike, who has served in Germany, Viet Nam and Japan, will be home briefly in January before another tour of duty with the Air Force in Viet Nam.

Christine, the granddaughter also of Mrs. Philomena Elsen of Monterey, has one sister, Kathi. The little girls' maternal grandparents are residents of Germany.

Bachelors Hold The Fort

Baron Lars Cedercreutz and his son, Mons, were earning reputations as courageous if lonely bachelors while Baroness Cedercreutz was traveling in the Orient and visiting friends in that part of the

world. Perhaps "lonely" is not exactly the correct term, since friends were delighted to have their company. Mons, a student at Robert Louis Stevenson School, is spending the greater part of his holiday skiing in Sun Valley with a classmate whose family has a house there. Both are most happy to have "Mother" home.

New Year's At Beach Club

Reservations already in assure a gala New Year's Eve celebration at the dinner dance planned by the Beach Club. Prior to the dinner, the Aime Michauds will entertain with a cocktail party in their Pebble Beach home for the guests at their table, also others, including Mr. and Mrs. Adrian Taylor and the Loris di Grazia of San Francisco, Count and Countess Bertrand d'Avenas, Mr. and Mrs. Ray Ramsey, Dr. and Mrs. Max Panzer, Mr. and Mrs. Richard Osborne, Mr. and Mrs. J. Arch Butts Jr., Mr. and Mrs. Richard Dirickson, Kim Novak, Mrs. Edith Clancy, Will Shaw and Joel Thomas.

Dewie Dutton Is Home

Folksinger Dewie Dutton, her long tresses sheared, pulled a real surprise Christmas Eve when she knocked on her mother and step-father's door. Neither Toby nor Claudia Street recognized her, and since she has had friends sending cards in her name from all over the country to them, Dewie was the last person they expected. The talented young singer, who has been working in Colorado, plans to put in a stint at Las Vegas for the wherewithal for a trip to Europe next year.

Alaskan ice shipped to San Francisco during the Gold Rush sold for \$75.00 a ton.

**EASTERN STAR INSTALLATIONS**

Mr. and Mrs. Thomas Byers, above, were installed as worthy matron and worthy patron of Carmel Chapter No. 581, Order of the Eastern Star, in impressive ceremonies at Cypress Club on November 12. In assuming her solemn oath of office, Mrs. Byers appeared in a jeweled turquoise satin gown, carrying an arrangement of coral carnations and white orchids in the form of a musical note.

Other officers installed for the ensuing year were Mrs. John Craiven, associate matron; Past Patron Paul Tekawa, associate patron; Past Matron Mrs. Edward Durel, secretary; Mrs. Florinda Holm, treasurer; Mrs. Minton Parrish, conductress; Past Matron Mrs. John Westover, associate conductress; Past Patron Norman Winslow, chaplain; Past Matron Mrs. Grace Fontes, marshal; Mrs. Emma Egan, organist.

Also, Paula Byers, Adah; Past Matron Mrs. Paul Tekawa, Ruth; Past Matron Mrs. Burleigh Zak, Martha; Mrs. Henri Corbat, Electa; Past Patron John Westover, warden; James Alcorn, sentinel. Mrs. Samuel Coleman, past matron, was appointed prompter and Minton Parrish flag bearer for the year.

Installing officers were Mrs. Norman Winslow, retiring worthy matron; Mrs. Hazaell Marsh Piper, past grand matron of the State of California, who inducted the Star Points; Past Grand Treasurer Mrs. Jennie Young, who installed Mrs. Holm as treasurer. Also assisting were Mrs. Zak, Past Matron Mrs. Robert Little and Mr. Winslow. Past Matron Mrs. Shirley Lewis and Past Patron Kenneth Roberts were installing chaplain and flag bearer, respectively.

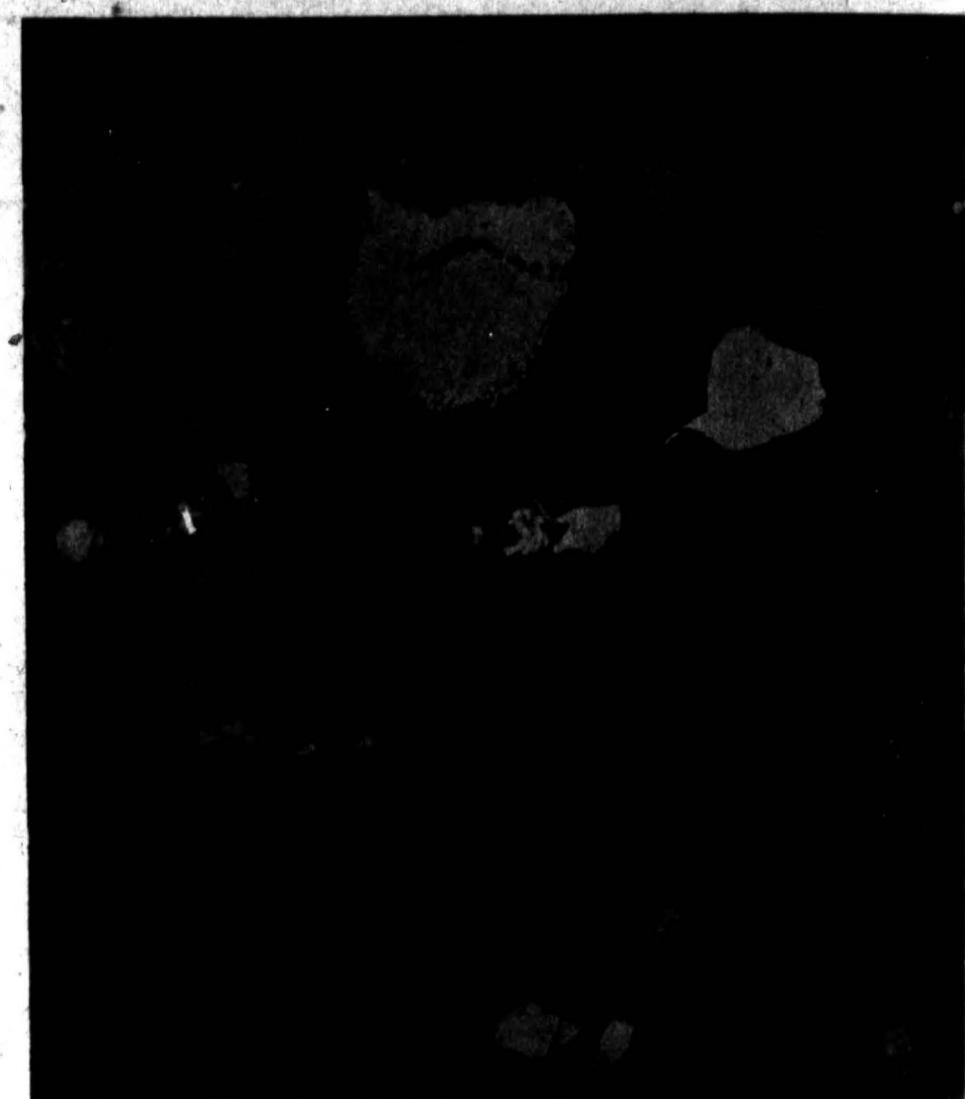

Other installing officers, all of Hollister, were Past Matron Mrs. Grace Gould, organist, and Past Matron Mrs. Joe Bellina, soloist, accompanied by Mrs. Vern Atherton.

Past Matron Mrs. Grace Fontes, installing marshal, was attired in a white brocade gown.

Mr. and Mrs. Paul McKinstry, past patron and past matron, each gave a welcome greeting to members, guests and officers.

Mrs. Lester Schell, deputy Grand Matron of the 46th district and Mrs. John Buse, deputy grand matron from the 45th district, Grand Chapter of California, were escorted and presented.

Coral and turquoise, with a

**SU VECINO'S PINATA PARTY**

touch of honey gold, were the colors used throughout the chapter and banquet rooms. The decor also featured the emblems of the year, musical notes and violins, and the motto, "Let Me Be Understanding." The banquet tables were centered by huge bouquets of carnations and autumn-hued chrysanthemums, flanked by lighted tapers. Orange punch and tiny individual cakes were served to guests.

Past Matron Mrs. P. J. Leighty and Mrs. Ruth Pearson served as receptionists. Ushers were William Bjornvold, Past Patrons Egon Durr and George Bloomer. Mrs. Harold Lewis was in charge of the guest book.

Mrs. Kenneth Roberts was general chairman for the beautifully arranged event. Assisting her were Mr. Roberts, Mrs. Westover, Mrs. Tekawa and Mrs. Holm. Also, Mrs. Andrew del Monte, Mrs. Alice Champion, Mrs. Paul Hazdovac, Mrs. Eugene Nissen and Mrs. Walter Dixon.

Carmel Post Office In Midst of Christmas Rush

Postmaster Fred Strong

Santa's Helpers Behind Counter

Santa's Helpers In Front Of Counter

Hiram Houck

Funeral services were held yesterday in the Dorney and Farlinger Memorial Chapel for Hiram S. Houck, a former well known resident of Carmel for many years. Mr. Houck, 78, died Sunday in a local hospital after a brief illness.

A widower, he made his home in Visalia before coming to Carmel with his three small sons, whom he raised here. He was esteemed as a skilled gardener during his 35 years on the Monterey Peninsula. More recently, he had resided in Seaside.

Mr. Houck was born in Brownwood, Texas, on August 23, 1888.

He leaves his sons, Joel E. Houck of Las Vegas, Elias B. Houck of Monterey, and Herman R. Houck of Pacific Grove; a sister, Mrs. Madolin Mayo of Linden; 27 grandchildren; and numerous great grandchildren.

Colonel Semple

Funeral services for Lieutenant Colonel Wesley Adrian Semple (USA ret.), who died at Fort Ord Hospital Saturday after a brief illness, were held yesterday in Saint Dunstan's Episcopal Church, Carmel Valley, with the Reverend James W. Brock officiating. Burial with full military honors followed at Golden Gate Cemetery, San Bruno.

Carmelites can be proud of how efficiently Postmaster Fred Strong and his staff behind the decorated door have handled the Christmas rush. Bins have been kept free of excess clutter and crowds at the front counter have been quickly served. The only confusion was outside where Police Chief Clyde Klaumann had to station an officer to direct traffic in and out of the post office parking lot.

The magnitude of the task of keeping the mail moving during the holiday rush is demonstrated by the following statistics. The Carmel post office has 4,628 mail boxes, of which 4,395 are rented. It also serves three rural routes with a total of 1,779 boxes. This adds up to over 6,000 boxes, which at an average of three persons to a box, provides service to an estimated 18,000 persons. This means a lot of Christmas mail to handle

expeditiously.

In the past year, this same population spent over \$360,000 at the Carmel post office.

The staff headed by Postmaster Fred Strong, consists of Assistant Postmaster William Woolsey, Superintendent of Mails Mel Taylor, 25 clerks, two special delivery messengers, three rural carriers, three substitute rural carriers, three postal assistants and a contract cleaner.

The postal assistants are students who work part time under the Youth Opportunity Program. They arrive at 6 a.m. with the mails division crew and work on parcel post for three hours before going to school.

The mail coming into the Carmel post office is sorted by 14 distribution clerks under the superintendent of mails. Outgoing mail is sorted and dispatched by the same crew.

Nine window clerks, under the assistant postmaster, work at the post office service counter.

How much mail does this staff handle? According to Postmaster Strong, the volume of mail originating in Carmel alone was 5,160,000 pieces during the year which ended on December 1.

All post office revenue goes to the U. S. Treasury and Congress appropriates money for postal operations. Each postmaster is directly accountable to his regional director, who accounts to the postmaster general, who is accountable to Congress and the President.

Every spring, each postmaster estimates work hours needed in the coming fiscal year; each regional director estimates expenses in his region and the postmaster general submits a request to Congress. After Congress makes an appropriation, each office is allotted its percentage, which becomes the allowance within which it must operate.

with his wife, Mary, and their children.

A former resident of Columbus, Ohio, where he was born November 18, 1917, and of Newark, Ohio, he was an Army veteran of bus. He was the brother-in-law of Mrs. John Zack of Carmel.

In addition to his wife, Mr. Morrison leaves a son, Henry, and two daughters, Regina and Emily, all of Carmel; a stepson, Hugh Shoultz of Alabama; two brothers, Lewis of Cincinnati, Ohio, and Frank of Columbus, Ohio; and a sister, Mrs. Karl Kolk of Columbus.

Interment with full military honors was scheduled at Golden Gate National Cemetery, San Bruno. The Mission Mortuary was in charge of arrangements.

READ THE WANT ADS

A resident of the Monterey Peninsula for the past 16 years, he and his wife, Lorri, made their home on El Bosque Drive in Pebble Beach.

Colonel Semple, a veteran of 26 years' Army service, was an architectural designer and a former operator of Rapid Blue Print Service in Monterey. He was born in Norwalk, Connecticut, on June 18, 1908.

In addition to his wife, survivors include a daughter, Mrs. James Rutledge of Carmel; two stepdaughters, Susan Anne and Kathryn Marie Semple of Pebble Beach; two sisters, Mrs. Marian Johnson of Rockwell, Maryland, and Mrs. Virginia Kane of Spotswood, New Jersey; and three grandchildren.

Friends wishing to make memorial contributions in honor of Colonel Semple may do so to Central Mission Trails Heart Association, Box 191, Monterey. The Mission Mortuary was in charge of arrangements.

Harry Morrison

Requiem mass was celebrated Tuesday in Carmel Mission Basilica for Harry Knowlton Morrison, 49, who died Sunday in a local hospital after a short illness. A resident of Carmel for the past six months, he made his home at Carpenter Street and First Avenue

All Is Calm Inside

But Traffic Piles Up Outside

Where Do The Birds And The Animals Go?

The past year has been a busy one for the shelter over on David Avenue maintained by the Monterey County Society for the Prevention of Cruelty to Animals. For one reason or another, Peninsula citizens, during 1966, asked the shelter to give sanctuary to 494 dogs, 517 puppies, 1,341 kittens, 516 rats, 51 rabbits, 16 raccoons, five opossums, five guinea pigs, three baby seals, three monkeys, two lambs, one fox and one injured baby jack rabbit.

Also harbored by the shelter were a gopher, baby squirrel, field mouse, turtle, tortoise, baby king snake, rooster, hen, great blue heron, parrot, cockatiel, rhinoceros auklet, Virginia rail, screech owl and a Cooper's hawk.

Other birds brought to the shelter included two baby meadowlarks, three canaries, three racing pigeons, four parakeets, four doves, six baby chestnut-backed chickadees, eight ducks, 12 pigeons, 12 unidentified birds, 13 sea-

gulls, 20 blackbirds, coots, robins, cedar waxwings, blue jays, woodpeckers, sparrows and starlings plus 25 oiled arctic loons, western grebes, murres and gulls.

JAZZ FESTIVAL SCHOLARSHIP AUDITIONS HELD

Auditions for the \$5,000 Monterey Jazz Festival scholarship were held at Monterey Peninsula College on December 17. It was the unanimous decision of the judges that no grant be made this year. The funds have been put in trust and will be used for a future scholarship award.

Judges for the audition were Dr. Raymond Kendall, dean of music, University of Southern California; Dr. Fred Warren, director of music, Sonoma State College; Robert McKinnon, director of the Men's Glee Club and Red Vest Band, Stanford University; and Philip Elwood, jazz authority and columnist for the San Francisco Examiner.

The Lyceum of the Monterey Peninsula obtained the judges and arranged for the auditions.

What's Going on Here?

by B. ROWE

Ring out the old; ring in the new
 Ring happy bells across the snow;
 The year is going; let him go:
 Ring out the false; ring in the true.

CARMEL FOUNDATION

Town House

Town House will be closed from tomorrow until Wednesday of next week. On January 4, the regular Wednesday afternoon program will be a showing of colored slides by Rollin Steeves of Carmel at 1:30 and 3 p.m. "Modern Iran and Ancient Persia" is the title he has given to his presentation. Tea will be served at 4 p.m.

CARMEL VALLEY MANOR

On Saturday evening, the ever popular movie, "The King and I," will be shown in the Meeting House after the dinner hour.

Later on, a buffet supper will be served in the Lounge at 11 p.m. when all residents will gather to see the New Year in and exchange good wishes with their neighbors.

CANTERBURY WOODS

Much interest has been shown in the proposed LITTLE THEATER GROUP to be formulated in January. Mrs. Bell will give more details later. A festive evening will be in progress, Saturday, New Year's Eve, with horns, hats, noise makers in evidence, to celebrate the New Year. Entertainment in the Lounge will be provided by several entertainers and musicians.

HACIENDA CARMEL

Mrs. Ramona Gahl and Mrs. Marguerite Marhofke returned to Hacienda Carmel last week from a tour of all of the South American countries by air. They report amazement at the rapid growth of cities such as Buenos Aires, Montevideo and Sao Paulo (fastest

growing city in the world) and the willingness of these and other cities to rip out and tear down in order to build up-to-dateness into their housing and transportation complexes.

Other high points of their trip were the beautiful Chilean and Argentine lake district, the incredible Iguassu Falls and the new Brazilian national capital, Brasilia.

Perhaps, an equally big thrill was the 27½ hour flight from Brasilia, via Panama, Guatemala and Houston, Texas, to San Francisco.

PINPOINT PROFILE
Verne Taylor Benedict

Verne Taylor Benedict, 74, has spent many hours—pleasant hours—concentrating on word pictures, or poems, many of which have turned out to be gems.

One of her poems was enclosed in a time capsule at the 1939 World's Fair in New York. Another one, "The Señorita Has Left The Bell," was chosen to become a part of a collection of California poems, occupying a place of honor in the Huntington Library in Southern California.

She has been very fortunate in that most of her poems and short stories have been published. From the time she was a little girl she dreamed of becoming a writer. Now, living at Canterbury Woods, she is pursuing her career in earnest.

This is one of her favorites: "If you should see my lover—Tell him my heart is a vagrant bird—That suddenly took to wing—Tell him that shy little plaintive tune—Is a song I no longer sing."

"Tell him my heart took flight with a flock—Of Wild Birds, southward flying, Tell him you heard my heart reply—To the call that the geese were crying."

Verne was a member of the Ina Coolbrith Circle years ago. Recently she has joined the Writers Group at Canterbury Woods. At the sessions of this group, discussion centers on perfecting various writing techniques. The Tuesday afternoon gatherings are proving beneficial to many writers who are searching for information concerning "writing for publication"—and they are finding the answers.

What do poets do when they wake up in the middle of the night and can't go back to sleep? They

Sunset Progress Proves Pleasing

Knowledge that the city's municipal cultural and community center has been materially improved pleased all members of the Sunset Commission on December 19 and three of them, Chairman Peter Dyer, Dr. James Gilman and Admiral C. W. Fisher, in a report, expressed hope that the commission's policies and procedures would continue to produce fruitful results.

Specifically expressed was hope that further improvements to the center's structures and grounds will not only make the facility more usable but also enhance its appearance thus bringing increased use and revenue to the city.

To achieve these goals, Sunset Center Manager Cole Weston was asked to submit a report to the commission in January outlining necessary steps in this program.

At the request of the city council, the commission clarified the use by the Carmel Arts Com-

mission of Room 10 at Sunset Center. Forwarded to the council was the information that in February the then chairman of the arts commission, Mrs. Barbara Norberg, requested the use of this room for an historical museum. This use was granted for one year for wall-type displays only. Other provisions were that the Sunset Commission not be liable for any injuries or damages to exhibits and that there be no curtailment of any authorized use of the room in conjunction with the auditorium.

Further information transmitted to the council was that the limitation to wall displays was relaxed for the city's 11-day golden anniversary celebration, also that Room 10 is required by the majority of the users of the auditorium and three of the major users, the Carmel Bach Festival, Carmel Music Society and Monterey County Symphony Association, jointly with the Sunset Commission, paid for remodeling of Room 10 so that it could be a dressing room for these organizations.

Present use of Room 10 by the arts commission interferes with the use for which the room was remodelled, the commission noted and recommended that the use of the premises by the arts commission, as agreed originally, continue until February.

Ground Breaking At Lutheran Church Site In Valley On Sunday

Ground breaking ceremonies and blessing of the site for the first building unit of the St. Philip's Lutheran Church of Carmel, is scheduled for Sunday at 11:00 a.m., according to the Reverend J. Bernhard Bretheim. The ceremony will be held on the five-acre site purchased recently from Mr. and Mrs. Leonard Williams on the north side of Carmel Valley Road between Schulte and Meadows roads. The entrance to the property will be just across the road from All Saints' Day School.

Pastor Bretheim will officiate at the ceremony. He will be assisted by the members of the church council and other members of the congregation. The ceremony will follow the 10:00 a.m. morning worship service in Carmel Middle School, the congregation's temporary meeting place. Interested friends and neighbors are welcome to participate in the historic event.

The unit will be constructed by Hampshire Construction Company of Salinas, the lowest bidder of seven firms, when bids ranging from \$86,265 to \$104,050 were opened on November 30. Warren Gilbert and Associates of San Jose will be the architects. The finished building with furnishings will be valued at approximately \$90,000.

The church will be constructed around the only large oak tree on the site in the rustic style of exposed redwood with slumstone masonry walls and red cedar shake roof. Panelled doors, stained in rich dark tones, will contrast with the lighter natural earth color of the dominant masonry work.

The nave or worship area, seat-

ing 235, will look out onto landscaped areas enclosed with masonry screen walls. The approach from the parking lot, which is plotted for 65 cars, will be by way of an informal series of exposed aggregate concrete shapes into the narthex of the same finish.

In addition to the worship and narthex areas, classroom space for church school and auxiliary gatherings, the church office, a conference room, rest rooms and a small kitchen will be included in the first building unit. A larger worship area and classroom additions will be added as the growth of the congregation requires it.

Plans to build a parsonage on the church site will proceed as soon as the parsonage presently occupied by the pastor and his family on Flanders Drive can be sold.

The contractor has agreed to a 90 working day construction contract. The congregation will continue using the Drama Room (C-14) at Carmel Middle School until the church unit can be occupied. —★—

RADIO PROGRAM

"What Does the New Year Offer You?" is the title of this Sunday's Christian Science radio program on "The Bible Speaks to You" series to be heard at 7:30 a.m. on station KGO and at 8:45 on station KDON. To those who find hope dim or distant, this program offers inspiring thoughts which face up to basic problems and heal them. —★—

TAX PAYMENTS

Pacific Telephone, one of the county's major taxpayers, presented a check for \$704,709.98, half of the company's annual property tax bill, to Monterey County Tax Collector Orville N. Molmen this month.

CHRISTIAN SCIENCE SERMON

Christian Scientists in Carmel start the year 1967 with "God" as the subject of a Lesson-Sermon which presents a Deity that is very much ALIVE. Entering its second century, Christian Science takes vigorous issue with the "God is dead" hypothesis and points to its proofs of a living God in healings that are taking place among its adherents every day.

God's living promises given to the human family in the Bible are brought out in the following passages of the Lesson: "The Lord is our judge, the Lord is our lawgiver, the Lord is our king; he will save us." (Isaiah 33:22) And "Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest." (Joshua 1:9).

Key passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following definition: "God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principal, Life, Truth, Love." (Page 465) Also the following assurance that God is forever taking care of His own: "The divine image, idea or Christ was, is, and ever will be inseparable from the divine Principle, God." (Page 333)

Small and large printing orders are quickly filled at The Pine Cone

CAROLS IN DEVENDORF PLAZA

Each evening last week, high school students who attend five Carmel churches sang carols in Devendorf Plaza around the creche which they created out of materials native to this area. Above, they are seen, directed by John Farr, on the evening the city's Christmas tree was lit.

Art News . . .

During the month of January, the Monterey Peninsula Museum of Art Association will present an exhibition of oil paintings by Richard Bowman. Presented through the courtesy of the Rose Rabow Gallery, San Francisco, this exhibition will trace 20 years of Mr. Bowman's development — 1944 to 1964.

A widely known San Francisco Bay area artist, he uses brilliant fluorescent colors to unite science and art. For a number of years, unknown to the artist, he was depicting in his painting the very phenomenon that scientists were seeing through their sophisticated electron microscopes and from photographs from rockets traveling high above the earth.

In 1956, Stanford University combined Bowman's paintings with photos from their physics department to demonstrate that abstract art today can have a ground in "reality"; a reality that is beyond the scope of the unassisted eye but very real none the less.

A series of painting and life drawing classes conducted by George DeGroat at the Laky Galleries starts on January 9 and continues until April 24.

The basic principles of painting, including design, composition and structure will be discussed and demonstrated with subject matter subordinate to form and content.

The life drawing classes will begin with the study of anatomy and structure and progress to the more esthetic concepts of "the character of anatomy," design and composition, as well as other elements of good drawing.

In all classes, instruction will be aimed at helping the individual to follow his own unique approach to painting and drawing. Classes will be limited to ten adults. Further information on the 16-week series may be obtained at the Laky Galleries on San Carlos between Fifth and Sixth, or by telephoning 624-8174.

Currently on exhibition at the Pacific Grove Museum of Natural History are the original watercolor portraits of North American insects by Su Zan Noguchi Swain. These were reproduced for illustration of the book "The Insect Guide" by Ralph B. Swain, published by Doubleday and Company in 1957.

Although the works are scientific illustrations, they have multiple significance as example of the beauty and variety of insect life and artistic craftsmanship. Every segment of each insect is exactly rendered for purposes of identification.

The 45 paintings were lent from the collections of the University of Colorado Museum. They will remain on exhibition through January 22.

The museum is located at the corner of Forest and Central Avenues in Pacific Grove. Hours are 10 a.m. until 5 p.m. daily except Monday. Admission is free.

Marion Eaton

Private services for Mrs. Marion Snyder Eaton were held Saturday in the Little Chapel-by-the-Sea, Pacific Grove, with the Reverend David Hill of All Saints' Episcopal Church officiating. A resident of Carmel for the past ten years, Mrs. Snyder died December 22 in a local hospital after a short period of failing health.

A native of Fowler, Indiana, and a former resident of Yakima, Washington, she made her home at San Juan and Portola roads with her husband, James S. Eaton.

In addition to her husband, survivors include a daughter, Mrs. Phyllis Holt of Carmel; a sister, Mrs. Walter Johnson of Seattle, Washington; and two grandsons, James E. Holt of Carmel and Robert J. Holt of Pacific Grove.

Private inurnment took place in Tahoma Cemetery at Yakima. The Paul Mortuary was in charge of arrangements.

Mr. Schumacher

Funeral services for Harold Herbert Schumacher were held this morning in the Paul Funeral Chapel, with the Reverend James Spaid of Saint Timothy's Lutheran Church officiating, assisted by members of Monterey Lodge 217, F & AM. Mr. Schumacher, a resident of Pebble Beach for the past 19 years, died in a local hospital Sunday after a lengthy illness.

A native of Minot, North Dakota, he was born December 1, 1908.

A 20-year veteran of Army service, Mr. Schumacher retired as a Quartermaster Corps captain in 1947 and had seen duty in New Guinea, Leyte, Luzon and Australia. He was an accountant in the employ of the State of California and for the past several years had been assigned to the prison facility at Soledad.

He leaves his wife, Mary; a daughter and son, Lisa and Karl Peter Schumacher of Pebble Beach; his mother, Mrs. Alice C. Schumacher of Carmel; three sisters, Mrs. W. R. Long of San Anselmo, Mrs. Oscar B. Sather of Federal Way, Washington, and Mrs. Charles Colier of Havre, Montana; two brothers, Harlan of Seaside and Donald C. of Seattle; and many nieces and nephews.

Burial with full military honors followed at Golden Gate National Cemetery, San Bruno.

Friends wishing to honor the memory of Mr. Schumacher may do so through contributions to the cobalt therapy unit of Community Hospital, Box HH, Carmel.

Louise Dexter

Private funeral services were held Saturday at the Mission Mortuary, Monterey, for Mrs. Louise Ewing Dexter, a resident of Carmel for the past 27 years. Mrs. Dexter, 86, died earlier the same day at her home on Guadalupe and Camino del Monte after a period of failing health.

She was a native of Bloomingdale, Illinois, where she was born July 21, 1889.

Mrs. Dexter leaves a brother, David Ewing of Florida; a nephew, Robert Clampett of Monterey; and two nieces, Mrs. Francis Palms Jr. of Monterey and Mrs. Louise Beecher of Memphis, Tennessee. She was the wife of the late Edmund Dexter, who died in 1923, and a cousin of the late Adlai Stevenson.

Inurnment took place at the Little Chapel-by-the-Sea Crematorium, Pacific Grove.

PARTY PLANS . . .

By Phyllis Jersey

NEW YEAR'S AROUND THE WORLD AND HERE

While we in Carmel raise a glass of wine and sing "Auld Lang Syne" on New Year's Eve, our Japanese counterparts, at midnight, will be sipping American colas and, gaily chanting "Otanjobi Omedeto Gozaimasu" ("Happy Birthday to You") to signify, to them, it's everybody's birthday!

Rejoicing on the first day of a new year is an age-old custom. With a great roar the Russian people long ago welcomed in the New Year with 100 cannon shots at midnight. In ancient China, people took a different approach to their First Day. They cleaned house, paid debts and closed shop. Then they shot off firecrackers.

In Italy they consider January 1 as part of their Yuletide festival and revel until 12 days after Christmas. In France and Spain gifts are exchanged on January sixth. On New Year's Eve in Spain it is an old Spanish custom to eat 12 grapes, one with each stroke of the hour, while quaffing champagne.

In Great Britain, everyone gathers around the Wassail Bowle containing warm spiced ale with a cream topping, called "lambs' wool" in the 17th century. Spanish sherry is also said to bring good luck.

And right here with us PARTY PLANS suggests that we serve a bountiful breakfast, instead of "one for the road," to start a happy safe 1967.

There's no need to rush for this festive meal as the ingredients

should be assembled and ready for on-the-spot preparation. We are giving some streamlined ideas for early morning casual cuisine.

NEW YEAR'S EVE BREAKFAST

Fruited French Crepes
Curried Scrambled Eggs
Bacon Curls Tiny Sausages
Coffee Tea Chocolate

Fruited French Crepes (Serves 8)

Two cups sifted flour; $\frac{1}{2}$ tsp. salt; 4 eggs; $1\frac{1}{2}$ cups milk; 4 tbsps. melted butter, plus butter for frying; fruits for filling; sugar.

Resift flour with salt. Beat eggs and stir in milk. Add flour and beat smooth. Stir in melted butter. Heat small amount of butter in large skillet. Pour in about 2 tbsps. batter and tilt pan so batter spreads evenly over bottom. Brown on both sides. Continue cooking cakes with butter as needed. As they bake, stack between paper towels in warm (250 F.) oven. When all are ready, spread each with cooled fruit compote and roll. Sprinkle with powdered sugar.

Filled cakes may be kept in warm oven until ready to serve but not long enough to become soggy. Prepared pancake mix may be used and there are also frozen pancakes and waffles to make this task swift and easy.

Hot French Fruited Compote Filling

One (1 lb. 4 $\frac{1}{4}$ oz.) can pineapple slices; 1 (1 lb.) can whole apricots; 3 oranges; $\frac{1}{3}$ cup honey; $\frac{1}{2}$ tsp. cornstarch; 2 tbsps. butter or margarine; 1 (1 lb.) can dark sweet cherries; 2 tbsps. cointreau.

Drain pineapple, saving syrup, and apricots. Put fruits in shallow oven-to-table dish. Grate or coarsely shred peel of one orange over fruit. Squeeze its juice and mix with half a cup pineapple syrup, honey and cornstarch. Peel and section 2 oranges, add to fruits. Cover all with honey mixture. Dot with butter. Bake in moderate oven (350 F.) about 30 minutes. Baste frequently. Add cherries and a little of their syrup if desired. Baste fruit again. Heat about 10 minutes longer. Dash with cointreau. Serve with whipped or sour cream flavored with orange and cinnamon if desired. The beauty of this beautiful offering is that everything but the last minute doings can be prepared well ahead of time and reheated over a chafing dish or candle warmers at the whim of the early morning celebrants.

Scramble fresh eggs as usual but added a pinch or two of curry powder as you whip them up. For bacon curls broil bacon slices then twist them around the tines of a fork and slide them off. As simple as that. If you want extra excitement, twist the bacon while still pliable around a large olive or browned small sausage. Supply plenty of coffee for drivers. Milk and tomato juice should also be available. Dieters might prefer plain toast, so have two toasters on duty with white and whole wheat bread, butter and jellies or marmalade on hand. This is a day for good resolutions.

Cinnamon Pancakes with Hot Strawberry Sauce (Serves 12)

Twenty-four frozen pancakes (or make your own); butter; 2 tbsps. sugar; 2 tbsps. powdered cinnamon; 4 (10-oz. each) packages frozen sliced strawberries in syrup.

Remove frozen pancakes from freezer. Line large cookie sheet with aluminum foil and place pancakes on sheet. Spread each pancake generously with butter. Combine sugar and cinnamon and sprinkle over each pancake. Preheat oven to 450 F. and heat pancakes about 10 minutes or until butter and sugar mixture is melted. Empty contents of frozen strawberry packages into saucepan. Heat gently, stirring occasionally, until juices reach boiling point. Serve hot over seasoned pancakes. A great hit with the young crowd. Have plain pancakes or waffles with maple syrup or honey if you prefer?

As a final tribute to '66 and a warm welcome to '67, PARTY PLANS offers the following warming dish for the early morning hours.

For New Year's Eve breakfast, serve light as air pancakes with strawberry sauce and plenty of coffee.

Creamed Sherried Eggs and Ham Over Asparagus (Serves 8)

Eight hard cooked eggs; 2 cans (10 $\frac{1}{2}$ oz. each) condensed cream of chicken soup; 3 cups, diced boiled ham; $\frac{1}{3}$ cup sherry; 2-10 oz. packages frozen asparagus spears.

Shell eggs and slice. In saucepan combine soup with sherry. Add ham and sliced eggs. Cook over low flame, stirring occasionally until mixture is hot. Cook asparagus according to directions on package. Drain. Place asparagus on hot platter. Spoon eggs over and serve hot with assorted rolls, toast and much coffee.

We like croissants and brioches too, accompanied by hot chocolate. A pot of brisk tea is also soothing. Happy New Year!

**BROWNIES SING CAROLS**

On December 16, the clear voices of Carmel Brownies, directed by Mrs. Carl Welchner, were heard in the Carmel Craft Studios thronged by happy persons who delighted in the Christmas gift to the community presented by the very youngest members of the Girl Scout organization.

PENINSULA GOLF NEWS

by Raymond "Sonny" Braun

A combination of Match vs Par and Turkey Shoot tournament was held on the Shore Golf Course at the Monterey Peninsula Country Club monthly Senior's tournament. A. P. Elbe led the field finishing four up on par.

Results: Match vs Par

A. P. Elbe, Plus 4; S. M. Conran, Plus 2; H. A. Hamilton, Plus 1; J. A. Mustard, Plus 1; J. D. Hudder, Even; R. H. Comley, Even; C. B. Oler, Even; W. Prucha, Minus 2; R. O. Williams, Minus 2; F. V. Sloan, Minus 2; L. Svendsgaard, Minus 2; J. B. Conley, Minus 2; Frank Fee, Minus 3.

O. R. Showalter, Minus 3; J. D. Stewart, Minus 3; F. M. Dodd, Minus 3; V. L. Hall, Minus 3; T. E.

Lampman, Minus 4; M. Rattray, Minus 4; C. S. Kilburn, Minus 4; O. P. Weyland, Minus 4; E. L. Bidwell, Minus 5; R. J. Miller, Minus 5.

B. L. Manual, Minus 5; C. J. Hunt, Minus 5; W. N. Eklund, Minus 5; K. P. McNaughton, Minus 5; C. Parlette, Minus 5; C. W. Eschom, Minus 5; R. M. McPherson, Minus 5.

Turkey Shoot

A. P. Elbe, Plus 4; S. M. Conran, Plus 2; H. A. Hamilton, Plus 1; P. A. Mustard, Plus 1; W. Prucha, Minus 2; R. O. Williams, Minus 2; F. V. Sloan, Minus 2; L. Svendsgaard, Minus 2; J. B. Conley, Minus 2.

Mrs. R. H. McDonald shot a very fine Net 69 to win low honors on Ladies' Day at M.P.C.C. The tournament was on a medal

play basis and was played on the Shore golf course.

Results:**1st Division (7 thru 18)**

1. Mrs. R. H. McDonald, 79-10 Net 69; 2. Mrs. Frank Fee, 94-18 Net 76; 2. Mrs. H. A. Hamilton, 88-12 Net 76; 3. Mrs. H. P. Smith, 84-7 Net 77.

2nd Division (19 thru 26)

1. Mrs. E. L. Drugensky, 94-19 Net 75; 1. Mrs. A. B. Marshall, 98-23 Net 75; 2. Mrs. Mann Hamm, 99-22 Net 77; 3. Mrs. Fay Hopkins, 99-20 Net 79.

3rd Division (27 thru 34)

1. Mrs. K. C. Krentz, 114-29 Net 85; 2. Mrs. L. D. Churchill, 119-33 Net 86; 3. Mrs. Joe Tick, 121-34 Net 87.

With the Bing Crosby Tournament just around the corner it will be interesting to see how the professionals will score on the new

Spyglass Hill golf course. Not only is the course very long, but it requires exacting shots off the tee as well as into the green. A strayed shot will be penalized severely, especially on the first five holes. The greens are well contoured and should provide some very interesting putts. In fact there are a few holes that a player could be on the green and not be able to putt towards the hole. With most

of the professionals never having played the course, it should get a great deal of play before the tournament, and, with new greens, this can make them fairly bumpy and put a premium on putting. Spyglass will produce its share of frustrations, but will also be very rewarding to the professionals who like a real challenge and can match their skills against the so-called "Monster."

DID YOU KNOW?

Mike Souchak holds the All-Time PGA Tour Record for nine holes with a 27 established in the Texas Open, 1955.

Art Wall Jr. holds the All-Time Record for most holes-in-one, he now has a total of 35.

Wags of the Week

Carmel street scenes: In addition to its jaunty feather, Pon Chung's venerable hat is bedecked with a cluster of Christmas ornaments this season. And Emily, Galerie Carmel's lovable Saint Bernard, is wearing a red bow on one ear, a green one on the other.

Someone saw Bud Allen trundling around one day last week with a sizeable, antique wood clock in a paper bag. His reply to the curious was that a wrist watch wears out his shirt cuffs.

REPORTS FROM RLS

By Chandler Meloy

1966 WAS BANNER YEAR AT RLS

By tradition, we count our blessings, add up our hurts, and give the old year a gentle push into history as we look with hope to the future.

For students and faculty at the Stevenson school it has been a great year, filled with achievement, progress and growth. The school entered its 15th year with its largest enrollment, many new facilities, and the spirit of adventure that is embodied in the school of economics that is being developed for this summer. Past, present and future, then, it has been a happy year for us all.

In browsing through the year some highlights might include the following:

We remember fondly Edmundo Hernandez and Miguel Angel Olachea of Mexico, who came on scholarships from the John F. Kennedy Good Neighbor Bilingual Public Library of La Paz. They brightened our summer program with smiles and contributions in "neighborliness." At each meal, we were reminded of the magnificent gift from Hans Skaalegaard who painted the ship "Casco" in remembrance of Stevenson's last voyage to the South Seas . . . and the strong words of praise and encouragement given by Robert F. Talbott of Carmel to our graduating Seniors last year.

We remember with gratitude the work of Mrs. Melvin Dick and all the good mothers in the Sponsors' Club at the bazaar and carnival last Spring with good ol' Ernie Ford as guest auctioneer. That event, coupled with the highly suc-

cessful "Hillsborough-in-the-Grand-Manner" house tour conducted by the Peninsula branch of the Sponsors' Club, netted thousands of dollars for scholarships and special equipment for advance studies . . . and General L. W. Walt's letter from his Marine Headquarters in Viet Nam commending the students for their part in "Operation Handclasp."

It was a year of other accomplishments, too, as students were more active than ever in club work with service to the community through the Alcoholism Council, the Community Chest, the Viet Nam Soap Drive.

Culturally, the school sponsored the noted Japanese artists, Mr. and Mrs. Toshi Yoshida, on their visit to Monterey while on tour of leading colleges and universities in the United States . . . organ concerts were given by two students, Terry Talbot and Robert Howard . . . and this Fall the \$100,000 Art Show featuring the great David Brockman . . . and musical presentations like the "Sing-Out Monterey" and the famous Pomona College Glee Club.

In competition, RLS students showed great achievement . . . the speech teams, both debate and forensic, have won some 75 trophies and awards during 1966, with great performances by students Smith Dungan, Larry Kuechler, Don Stillwell, Joe Arsenio, Bill Atkins, also the debate team of Bob Howard and Terry Talbot, and so many more.

The past year saw completion of the alumni tennis courts and our

thanks to "Bo" Day and all the alumni for their work in all our campus projects . . .

Campus visitors, over 1,000, included the Union of International Architects, as members made their only private school stop in the United States.

The great competitor, Frankie Albert, as the honored speaker at the Father-Son Banquet, epitomized the sports program at the school this past year . . . RLS, winner of the Far West Prep Swim championships, also had a winning season in every sport except two, a track championship for the first time, a prep All-American in Duane Olson, a cross country championship, a soccer trophy from the Woodside Priory, the golf team defeating Pacific Grove, (after they had won 33 matches) the Olympic-caliber riding of Mason Phelps, the power of Mike Machette in tennis, Lee Danielson making 32 points to hold the basketball scoring record, Larry Kuechler's great run to take 4th in the California semi-finals in track, and the great play of Dale Taylor in baseball last year along with all-around athlete and student body president John Steele . . . and Pete Kanes' great championship running in taking five track records in cross-country.

The academic honors can be summed up in one glorious number, 96, those who made the Honor Roll the last grading period, to give the school its highest number of "honored" students in history . . .

The wonderful chapel . . . used for so many fine programs, community group meetings and ten weddings and where our boys, Smith Dungan, Steve Covell, Tom Huntington and John Weingarten, were confirmed by Bishop W. H. Ziegler to add to the growing number of students who have been confirmed or baptized in the chapel.

Next year will see the conclusion of the second "Forward With RLS Building Program" that will become the new academic complex; more scholarships like the NAIS sponsored program that brought four boys to RLS last year . . . it will see the new school of economics and other exciting developments in education.

The administration sends along their happy wishes for 1967 . . .

Lynn Fehring

Funeral services for Lynn C. Fehring, father of Ted C. Fehring of Carmel and a resident for the past six years, will be held in the Paul Funeral Chapel, Pacific Grove, at 2 p.m. tomorrow. The Reverend Walter Grumm of Bethlehem Lutheran Church and the Reverend Burkert Cree of the Community Church of the Monterey Peninsula will officiate. Mr. Fehring, 81, died Tuesday in a local hospital following a period of ill health.

A native of Columbus, Indiana, where he was born August 5, 1885, he maintained a residence in that state and in Carmel. At the time of his death, he was president and owner of Hardware Supply Company of Terre Haute, Indiana.

Mr. Fehring was a member of St. Peter's Lutheran Church, Missouri Synod, in Columbus, which was founded by his father.

Survivors include two other sons, Raymond H. Fehring of Santa Ana and W. P. "Dutch" Fehring of Menlo Park; 12 grandchildren and eight great grandchildren.

Burial will take place in El Carmelo Cemetery, Pacific Grove.

Those wishing to honor the memory of Mr. Fehring may do so to the church or charity of their choice.

North Carolina, and George Gann II of Belvedere; a daughter, Mrs. Samuel E. Fry of Moscow, Russia; and three grandchildren, Christopher, Allyson and Conrad Gann of Belvedere.

ADMIRAL HOPKINS WAS ROTARY SPEAKER

Guest speaker at Carmel Rotary Club last week was Admiral H. V. "Pinky" Hopkins, known as a "flat top man." Admiral Hopkins, who was aboard and participated in the operation of our country's first aircraft carriers, and whose last command was aboard the "Saipan," talked about the history of naval aviation and its development.

**TREE LIGHTING CEREMONY**

According to tradition, Carmel's official Christmas tree, the tall pine at Junipero and Ocean, was lighted on December 15. Members of the Carmel Youth Center conducted the tree lighting ceremony in Carmel Plaza. Taking part in it was the Carmel High School Choir, above, directed by John Farr. Adults and children gathered to hear the singing and see the lights on.

Carole Kiler Wins Competition Award

Carole Kiler, a senior at Carmel High School, has been cited as one of the outstanding students of high school English in the country. The National Council of Teachers of English has named her a 1966 na-

tional runner-up in its annual Achievement Awards competition. There were 38 such awards given in California.

Last spring a committee of English teachers from the high school nominated Carole to represent Carmel High School in the competition. The nation's schools nominated almost 8,300 students for the NCTE citation. Of that number, over 800 finalists were chosen. They represent 620 schools from 50 states, the District of Columbia, and American preparatory schools abroad.

In announcing the winners, James R. Squire, Executive Secre-

tary of the National Council of Teachers of English, stated that the council recommends these students for college scholarships in 1967. The names of these students are sent to every college and university admissions officer in the country.

The NCTE sends to all winners and runners-up scrolls of recognition and it honors their high school English departments with certificates of merit.

Mrs. Ethelyne Ward and Frederic Rainer have been Carole's English instructors at Carmel High School. Her parents are Mr. and Mrs. Robert Kiler of Carmel.

Babson's Point Of View On:

BABSON'S BUSINESS AND FINANCIAL FORECAST FOR 1967

The close of 1966 marks the seventieth consecutive month in the life span of the longest business boom of all time for the American economy. However, "trees do not grow to the sky." Already, signs of deterioration in the expansive vigor that characterized the earlier phase of the business upswing have been increasing in 1966. Hence, the outlook for business and finance in 1967 is of greater-than-usual importance.

Lest readers of this column be tempted to "push the panic button", however, let me state that it would be unwise to expect a major depression in 1967. Our greatly expanded economy still has a considerable degree of momentum. The spotlight on 1967, therefore, should focus upon those factors which are likely to cause a breathing spell in economic activity. Politicians and labor leaders have a phobia against even a hesitancy in business, and rush headlong into measures designed to treat a case of pneumonia when cold pills would be more appropriate.

1. Although business and financial problems loom large in the prospects for 1967, I must first warn readers that the greatest danger for the year ahead does not exist on the domestic front. Surely it will be developments abroad that will hold the gravest threat to our country. These could be economic as well as military or political.

2. I foresee no war between the United States and Russia in 1967. However, tensions between the two world leaders may seem to reach the breaking point as the Kremlin "goes all out" to create diversions to our efforts in Vietnam. Look for Moscow to throw salt on festering wounds in the Middle East, Africa, and Germany.

3. I am also hopeful that a direct clash between Red China and the U.S. can be avoided in 1967. Internal dissensions are rampant throughout Mainland China, and a great scramble for power is in full swing. Sabre-rattling may help to unify the people; but pressing problems of low productivity, plus the demands of her nuclear program, should restrain Red China from direct attack upon the United States.

4. The struggle for leadership of the Communist world camp will continue unabated throughout 1967. Full political attack will be mounted by the Kremlin against Peking. It will be touch and go, however, whether Russia can persuade her wavering satellites to sign a final manifesto reading Red China out of the Party.

5. Recent elections in West Germany have fanned the embers of nationalism into a tiny flame. This has surely thrown a scare into Russian leaders. I predict that they will take a harder line against Germany in 1967 than in some time. I feel that we should particularly watch General de Gaulle, who is playing closer and closer to Moscow from month to month.

6. Heavily armed with Soviet weapons, the Arabs of the Middle East-- squared off against Israel--present a grave threat to world peace. Nevertheless, I do not believe that Russia or the United States can afford a direct confrontation at this time; hence my forecast that the smoldering conflagration there will not erupt into World War III.

7. While all reasonable people are hoping for a genuine peace in Vietnam, I predict that the issue will not be resolved in 1967.

Though the tide of battle is swinging in our favor, we may be forced to increase our commitment in order to retain this upper hand.

8. I predict, therefore, that military spending will be raised in 1967. This can help soften the impact of any easing in the private sector of the economy.

9. Turning now to domestic conditions, I foresee a definite deceleration in business activity in 1967. The fantastic boom is in need of a rest. Instead of the strong uptrend of recent years, I look for a high level of industrial production early in the year; but unless some new stimulus is introduced, I fear that a cresting-over pattern is likely to develop as 1967 progresses.

10. I forecast a continuation of the tug of war between inflation and deflation in 1967. Tight credit, and increased productive capacity resulting from the flood of business capital expenditures in recent years, are deflationary. However, I can see no substantial relief from the inflation in labor and other operating costs. In short, we can have "cost-push" inflation co-existing with deflation.

11. A key factor in the business and financial outlook for 1967 is taxes. With defense outlays climbing, I look for a rise in corporate and personal taxes in 1967. Moreover, I forecast that various levies at the state and local levels will continue to increase.

12. The tightening tax squeeze on all fronts will worsen as the year advances. And there will be rising complaints from both businessmen and employees that social security taxes are becoming unbearable.

13. Results of the recent elections indicate that the headlong run of the Great Society Program must take a breather along with the economy. Gains scored by the Republicans have altered the balance of power sufficiently to force a more sober look in public spending.

14. One of the primary reasons for expecting a deceleration in the economy is the likelihood that business capital expenditures may ease. Tight credit, suspension of accelerated depreciation guidelines, and suspension of the tax credit on business capital outlays will be tough obstacles to surmount.

15. Except in defense industries, I look for an abrupt switch during 1967 from a business policy of inventory accumulation to one of inventory liquidation.

16. I forecast that scarcity of credit will continue to be a problem with which business must contend in the early part of 1967. The money managers should keep enough credit available for legitimate business needs, but I expect no early radical easing of credit.

17. However, I do foresee enough of an easing in credit to permit more orderly monetary conditions. If the economic situation falters badly, money rates will, of course, move downward sharply.

18. I predict that commercial and industrial building will trend lower in 1967, reflecting the tapering off in capital outlays.

19. Mortgage money should remain scarce in 1967. Hence, residential building should see another disappointing year.

20. 1967 opens with the building of single homes in a state of crisis. Starts are down over 40% from year-earlier levels. As a result, I forecast that the Administration will leave no stone unturned to stimulate construction of houses as soon as possible. At best, however, it may be midyear or after before this important part of our economy can contribute much strength to over-all business.

21. Although new housing starts may remain in the doldrums for most of 1967, I confidently forecast that the year will see the beginning of a great boom in the construction of new, modern nursing homes.

22. Despite President Johnson's request for cutbacks, public construction should enjoy a fairly good year; the emphasis will be on bridges, dams, and water and sewer systems.

23. The expected declines in residential building and in commercial and industrial building notwithstanding, I forecast that waterfront property will remain a good inflation hedge.

24. Labor stands at the crossroads as the new year opens. Things never looked better for nailing down record wage and fringe gains; however, neither the public nor the Congress is in any mood to tolerate long, costly, and inconvenient shutdowns. I freely predict that there is more likelihood in 1967 of restrictive labor legislation than at any time since Taft-Hartley was put on the books. Union chiefs are aware of this, and they may act with more strike restraint than most people now expect.

25. 1967 promises to be a year in which many managements will be fighting a "rearguard" action to control climbing labor costs. The defense buildup will maintain hiring pressure in some industries; but even more activities will be wielding the paring knife. I forecast that the net result will be a rise in unemployment next year.

26. I do not look for price and wage controls in 1967, unless our defense expenditures rise far above what is now contemplated.

27. An encouraging aspect of the 1967 outlook is the affluence of consumers. I forecast a further upward trend in personal incomes, due to higher wage rates. However, if taxes are raised, take-home pay may not show a rise commensurate with the gain in gross pay.

28. Retail trade held up well in 1966, but there was a note of lethargy throughout the year. The pattern is not expected to show much change in 1967...with gains in dollar volume largely reflecting price inflation. Though consumers will have more money to spend, tight credit, high borrowing costs, and higher price levels could cause some tightening of purse strings.

29. Spending for food, apparel, and general merchandise should be greater in 1967. Also, consumers will devote a goodly portion of their spending budget for leisure activities, vacation, and travel.

30. Durable goods may not fare so well. Demand for home appliances, color TV sets, and furniture may be hampered by tight credit and high borrowing costs, plus the lethargy in new home building.

31. I forecast a decline in new auto sales. However, with the increase in the population of driving age, and with the record rate of personal income, new car sales could hold within 10% of 1966's.

32. Soaring living costs will hit the headlines more often in 1967. Ire will be directed most strongly at runaway service expenses--especially medical--and at advancing red meat prices.

33. Despite new highs in the cost of living, I predict there will be many signs of deflation in the midst of inflation. Chief among these will be sliding profits, rising bankruptcies and foreclosures.

34. Industrial commodity prices should be firm to slightly higher. Selective price markups will be necessary to offset wage hikes.

35. Profits began to wobble in the final half of 1966. I am convinced that hesitancy will give way to decline during the year ahead. Big squeeze on margins will come from soaring costs, especially labor.

36. But profits results will also vary widely from one company and one industry to another, as sales volumes sag, hold, or advance. For example, I am willing to "stick my neck out" and say that oil companies will enjoy a sales rise, but that the auto makers will be struggling with a volume slump all year.

37. The combination of less vigorous business, pinched profit margins, and stringent credit conditions points to an increase in business failures, shaking out the financially weak and inefficient.

38. Collections may be more difficult in 1967 on business accounts, consumer installment and charge accounts, and mortgage debt. I forecast a further rise in nonfarm real estate foreclosures.

39. Barring crop failures, I forecast another good farm production year. Farm prices should rule firm to slightly higher in 1967, but higher costs may result in a slight drop in net realized farm income.

40. Nevertheless, farm equipment manufacturers should enjoy good business. Sales of fertilizers and insecticides should post gains.

41. 1967's stock market promises to be one of vicious selectivity. I am expecting the old aristocracy of the blue chips based on past performance to be replaced by a new aristocracy of super-able management based upon hopes of good future performance.

42. I forecast, however, that 1967 will still hold many dangers for the speculator. I urge readers not to borrow money to buy stocks, and I urge investors to buy for growth and basic investment values.

43. The safest kind of long-term bonds are available now at prices affording very close to the highest income returns of the century. It is a good bet that there will not be so many top-grade issues on the bargain counter at the end of 1967. Should the 90th Congress boost income taxes, tax-exempt bonds will put on the best performance.

44. World opinion on the future price of gold has blown hot and cold many times in recent years. Though lately in the shade, I predict that gold will again be in the spotlight before 1967 is out.

45. I forecast that the dollar will not be devalued in 1967, but the pound will continue shaky.

46. Certainly, Congress will become more and more critical of the looting going on under cover of the Administration's War on Poverty. The whole program will be subjected to tighter supervision.

47. As 1967 wears along, the high hopes for more constructive conservative action by the 90th Congress will give way to increased doubts as a legislative stalemate develops. Republicans will have enough strength to stop the most liberal Administration bills, but not enough to launch a program of their own.

48. There will be a lot of talk in 1967 about the economy's "still growing". But I warn readers to examine carefully the advance in Gross National Product which I am forecasting here. Biggest part of the increase will come from higher prices and wages.

49. I foresee that a breathing spell in the economy can prove helpful. The prolonged prosperity has bred waste, laxness, and inefficiency. These can be corrected only by a return to fundamentals. Just as the human body requires adequate rest in order to enjoy proper health, so too the economy, and the stock market as well, must undergo periodic resting phases.

50. As the economy cools off in 1967, readers should beware of reassurances that our problems are only temporary and will soon be followed by a decade of boom conditions. The promised land may be only across the river, but it is always wise to test the depth of the water before wading in. That is behind my forecast that 1967 will be a good year for businessmen and investors to have strong confidence for the future, but to proceed with caution and restraint until the uncertainties just ahead have been resolved.

PROMISE HER ANYTHING, BUT GIVE HER IN 1967

A Carmel sunset like last night's . . . Sandpipers on the early morning beach . . . the wonderful "clean" smell in the air . . . 5,592 Monterey pine trees and 3,068 oak trees, 1,232 acacias and 490 cypress (inside the city limits). Give her bird songs in the morning and moonlight on the water and squirrels to feed and raccoons to watch. Give her the white sand beaches, and time to walk on them, and a dog to walk on them with her.

And give her quaint shops to browse and artists and craftsmen to provide delightful things to look at, and a public library with a fireplace which is USED . . . fascinating people from all over the world for her neighbors . . . symphonies to hear and ballet to watch, or auto races, or golf matches, or dog or horse shows.

Let her have Pt. Lobos, and lots of live theater and seven o'clock in the morning at Fisherman's Wharf in Monterey. Let her have the cool mists of the beaches or the sunshine of the valley. Let her take classes in anything she wants to learn, from Greek to sculpting.

Expensive? None of its costs anything except the 50c fee at Pt. Lobos or unless you buy a fish from the wharf markets. (If she acts or works in production, the theaters give her free tickets!) (And the dog is waiting at the animal shelter).

It's all part of the wonderful, good life in the Carmel area. As to where you'll live, we have homes priced from \$20,000 on up, and we'll help you find a rental if you can't buy yet. We have homes in the sunshine and homes in the shade, on the rocky coast, in the forest, up on hills and down in valleys—all of them accompanied by all of the above free items.

Promise her anything, but give her Carmel! May we help you?

CARMEL COTTAGE FOR SALE TO SETTLE ESTATE—And it's one of those redwood "story book" homes so hard to find. Concrete foundation, high beamed living room with brick fireplace, bookshelves and loft. Brick floored dining room with skylight would make ideal studio. Beamed ceiling bedroom. On an artistic level lot close to town, with garage and storeroom. Open to bids in the \$20,000 range.

ONLY SEVEN BLOCKS FROM THE HEART OF CARMEL yet on a level 60x100 corner for elbow room, we have a substantially built and well maintained two-bedroom, den and two-bath home with beamed living room and separate dining room. You cannot find a home in this price range with more closet and cabinet space. Nicely landscaped, two patios, service yard, shake roof, perimeter heat, etc. Assume 5 1/2% loan. \$41,500.

MONTEREY PENINSULA COUNTRY CLUB—We have an immaculate home in the choice area with extra large beamed living room, three good sized bedrooms and two baths at \$38,000. Also an attractive oak-studded lot backing up to a forest greenbelt for \$13,500 to settle an estate.

A "FIXER-UPPER"! We have just listed this ranch-style home (shingle exterior, shake roof) in Hatton Fields. It has 2 bedrooms, 2 baths, a living room with open-beam ceiling, family style kitchen, double garage. A little work and redecorating and this can be the most attractive house in the area. \$29,500. Exclusive.

ANOTHER NEW ONE and a real buy! An attractive 2 bedroom, 1 bath home just a few level blocks south of Ocean Ave. Has separate dining room, a living room with used-brick fireplace, hardwood floors. \$27,500!

BUY LAND NOW for your future retirement home. Here is a good building site close in yet on a quiet dead-end street. Nice oaks and pines. \$13,500.

\$22,500! And there aren't many of these around! Needs a little painting but this is a cute little 3 bedroom, 1 bath house. Even has some ocean view!

WE WISH YOU ALL A HAPPY NEW YEAR!

Parking Committee

(Continued from Page One) ed." Sefton states that this survey was benefitted by Mrs. Smith's experience when she participated in another survey made in 1952-53, also by Floyd Adams, the city's retired director of planning, who made a parking report in 1962 and has brought it up to date.

In addition, Sefton reports, the Carmel police department made a traffic count of automobile flow in and out of the city "on peak level." This was done on July 4, 5 and 6, knowing that during the Independence Day holiday Carmel has its heaviest traffic flow. The total count was 126,979 cars. Divided by three, the daily average was 42,326 cars flowing in and out of the city.

Another count was made on July 18 through 23 to measure more normal summer traffic flow. This was separated into counts between 7-9 a.m. to establish the inflow of employer and employee traffic which requires daytime parking and over 24-hour periods to establish (a) citizen inflow which has its own parking and (b) visitor inflow which uses both on and offstreet parking. The count indicated that, in the two-hour early morning period, there was an average daily inflow of 880 cars; an 11,183 car average during 24 hours.

To accommodate the traffic inflow, Sefton's report indicates,

there are, currently, in the business zone 928 off-street and 1,001 on-street parking spaces. These spaces are provided by: Off street —hotels, motels and apartments, 510; businesses including groceries, 240; rental, 111; city, 28; churches, 39. On-street—all-day, 188; two-hour, 461; one-hour, 328; 20 minutes, 24.

Considering these figures Sefton emphasizes, "It is very obvious that we must put every available space to its full use . . . stop promiscuous use of hourly parking facilities . . . convert every available bit of city-owned property to this problem . . . no city property be sold until we have resolved our parking problem."

He also stresses that, every merchant is aware of the competition developing on the Peninsula and especially in the Del Monte, Carmel Rancho and the Rio Road shopping centers. This is "a situation that all property owners must recognize . . . vital to every citizen in Carmel," he points out.

In conclusion Sefton says, "The economic lifeblood of every community is based on industrial or commercial activity and Carmel is no exception. Ours comes from commercial which currently pays for two-thirds of our city operations. We must, to the benefit of all taxpayers, do everything within our power to maintain this financial inflow."

"This is the most serious problem our city faces at this time: it

must be resolved. We have less off-street parking facilities than we had four to six years ago and this situation cannot continue. 'In-lieu' parking is yet to be resolved and this, although it provides parking for employer and employee, does not get the job done for customer parking. It is the customer parking that is the economic lifeblood of all our activities."

"It would seem most logical that a committee be formed to tackle this problem. All facts are available. There are ways and means to greatly improve this situation currently and to project plans into the future. This, however, can only be accomplished through the combined efforts of a total representation of our entire community on a committee level, who can make recommendations to our council for decision."

Sefton then asked that the persons already named be appointed to the parking committee by the Mayor. Mrs. Smith and Spencer are former members of the city council, Vasconcellos is a former member of the planning commission and Godwin is on this commission now. Nieto and Doud are realtors. Sefton, also Vasconcellos, operate motels. Spencer is a retired businessman and Mrs. Smith and her husband own an Ocean Avenue grocery store.

Stock Market Notes

by Hugh Hannon

Is the President going to decide to raise taxes or isn't he? That is the question. Many economic indicators have been pointing down these past few weeks and many fear a tax increase would accelerate this downward trend so much it would lead to the beginning of a recession in 1967. Others say that if we are going to spend huge sums in Viet Nam we must pay for it with increased taxes. A few months ago most of the worry was inflation, now it's about even between inflation and recession which gives the President a chance to make the decision he thinks best politically. It looks like he's a man who could use a good political decision about now. Sure would hate to have a doctor who changed his mind about what was wrong with me as often as the economists change their minds about what's wrong with our economy. One of the interesting news items this week was the AFL-CIO United Steelworkers director Meyer Bernstein who returned from his tour of Russian Steel plants horrified to discover that the "workers paradise" was no paradise. He found that the Union had no right to bargain for better wages, hours or working conditions. The Russian Union contracts not only don't have any provisions for settling grievances, grievances aren't even mentioned. Sounds more like management paradise doesn't it? One of my friends says "Russia is getting more and

Oppose Lodging Law

(Continued from Page One)

John Zack. He stated that the 20-year amortization of guest houses would decrease the value of such property which he owned by 80 percent and asked if the city planned to reimburse investors in such holdings.

"Certainly not," said Blanks who also asked him if the guest house site was legally zoned for transient rentals when he bought it. Zack replied that the planning commission had allowed additions to the use.

Zack's wife, Jinny, told Blanks and Whittlesey that she and her husband owned a motel and a guest house in the residence zone, both in transient lodging use for years. They had come to Carmel to live because it was quaint and charming which made them want to settle here, she insisted in referring to a remark made by Whittlesey to the effect that he and Blanks were concerned with the fact that people in recent years have shown a tendency to acquire a number of properties for transient rental use.

This situation was different from Carmel tradition in the past when widows and elderly people in reduced circumstances, also artists, supplemented their income by taking in lodgers who occupied unused rooms in their house, he emphasized. He also spoke of the

more capitalistic and we are getting more and more communistic." And now they're starting to talk of us joining Russia to fight China. You have to read your paper every night or you won't know who's our enemy. Don't forget those savings and loan stocks. Great Western Financial (8%) down from over 50, First Charter Financial (American Savings) (16) down from over 60. In this writer's opinion, building will start again in California and then these stocks will get popular. Why not buy them now while they're down? And let's be grateful we live in a capitalistic system where we can make the choice of investments.

(Hugh Hannon is with Irving Lundborg & Co. in Carmel.)

fact that a great many people are deeply concerned with the preservation of the residential community and object to the city council about transient rental premises in their neighborhood. There are two groups in the community in sharp conflict over the transient rentals in the residence zone, he stressed.

"We have to disregard one or the other or strike a balance for the benefit of the community," he added in defense of the city council seeking to eliminate motel-type uses in the residence zone.

"I would like to know if there is one person here who feels not damaged by the new law," Blanks asked at the conclusion of the hearing.

No one stood up.
